

# Terms & Conditions for the Cashback Promotion:

## 1. Eligibility for Cashback

- Customers who spend a minimum of \$550 in a single order during the promotional period will receive a \$100 cashback voucher.
- Only one cashback voucher will be issued per order, regardless of the total spend. For example, even if a customer spends \$1,100 in a single order, they will still be eligible for only one \$100 cashback.

## 2. Cashback Redemption

- The \$100 cashback can be redeemed during the next order window only and will be automatically applied when the minimum spend threshold of \$600 is met.
- Cashback vouchers are valid until **31st December 2025**.

## 3. Non-Transferability

- Cashback accrual and redemption are restricted to the Miami hub. If a customer's subsequent order window is from a different hub, the cashback cannot be transferred or redeemed at the new location.

## 4. Exclusions

- Grocery products, including food, non-food items, pet products, and baby items, are excluded from this cashback promotion.
- If the initial order contains grocery items, their value will be excluded when calculating the minimum spend of \$550 to qualify for the cashback.
- Similarly, in the next order window, if the customer's cart includes grocery items, their value will not count toward meeting the \$600 minimum spend threshold for cashback redemption.

## 5. Promotional Period

- This offer is valid for orders placed between **2nd January 2025 and 31st March 2025**.

## 6. Automatic Application

- Customers will not receive an email or manual code for the cashback. The \$100 cashback will be automatically applied to the subsequent qualifying order.
